Department of Electronics Engineering (VLSI Design & Technology)

Research & Development Cell (R&DC) Activity Report

by: Shahu College of Engineering In Collaboration with: Under the Initiative: Research & Development Cell of CSMSS Chh. Shahu College of Engineering Dr. Jitesh Shinde Associate Professor, CSMSS Chh. Shahu College of Engineering (VLSI Design & Technology). 1) First-year students of Department of Electronics Engineering (VLSI Design & Technology). 2) Second-year students of Department of Electronics Engineering (VLSI Design & Technology). 3) All the faculty Members of Department of Electronics Engineering (VLSI Design & Technology). Venue / Platform / Mode: Coordinator: Offline Mode (Smart Classroom and A203) Coordinator: Dr. Jitesh Shinde Associate Professor, CSMSS Chh. Shahu College of Engineering • To guide students on the process of writing a research article • To provide information about various conferences and journals • To explain the procedure for submitting and publishing paper The two offline Awareness Programmmes on How to Write and Publish Articles in Different Conferences and Journals: Drafting a Paper in IEEE Template Format were conducted in association with the R & D cell and Department of Electronics Engineering (VLSI Design & Technology) on 6th and 7th April respectively. The session aimed to guide students on the process of writing a research article, and to explain the procedure for submitting and publishing paper. The students of first year and second year along with the faculties of Department of Electronics Engineering (VLSI Design & Technology) on 6th and 7th April respectively. The session aimed to guide students on the process of writing a research article, and to explain the procedure for submitting and publishing paper.	Name of the event:	Awareness Program on How to Write and Publish Articles in Different Conferences and Journals: Drafting a Paper in IEEE Template Format
Shahu College of Engineering In		06 th April 2025 (FYE) and 07 th April 2025 (SYE)
In Collaboration with: Under the Initiative: Speaker: Dr. Jitesh Shinde Associate Professor, CSMSS Chh. Shahu College of Engineering (VLSI Design & Technology). Target Audience: Audience: Objective: Objective: Overview Research & Development Cell of CSMSS Chh. Shahu College of Engineering (VLSI Design & Technology). To explain the procedure for submitting and publishing paper. The students of Department of Electronics Engineering (VLSI Design & Technology). Overview Research & Development Cell of CSMSS Chh. Shahu College of Engineering (VLSI Design & Technology). Dr. Jitesh Shinde Associate Professor, CSMSS Chh. Shahu College of Engineering (VLSI Design & Technology). To guide students on the process of writing a research article To explain the procedure for submitting and publishing paper The two offline Awareness Programmmes on How to Write and Publish Articles in Different Conferences and Journals: Drafting a Paper in IEEE Template Format were conducted in association with the R & D cell and Department of Electronics Engineering (VLSI Design & Technology) on 6th and 7th April respectively. The session aimed to guide students on the process of writing a research article, and to explain the procedure for submitting and publishing paper. The students of first year and second year along with the faculties of Department of Electronics Engineering (VLSI Design & Technology) on 6th and 7th April respectively. The session aimed to guide students on the process of writing a research article, and to explain the procedure for submitting and publishing paper. 	Overview	The two offline Awareness Programmmes on How to Write and Publish Articles in Different Conferences and Journals: Drafting a Paper in IEEE Template Format were conducted in association with the R & D cell and Department of Electronics Engineering (VLSI Design & Technology) for the students of first and second year of Department of Electronics Engineering (VLSI Design & Technology) on 6th and 7th April respectively. The session aimed to guide students on the process of writing a research article, and to explain the procedure for submitting and publishing paper.
session, demonstrating high levels of interest and engagement.	Participation	The students of first year and second year along with the faculties of Department of Electronics Engineering (VLSI Design & Technology) enthusiastically participated in the session, demonstrating high levels of interest and engagement.

Fees: No fees to attend the program. It was an Awarness Program. Faculty & Students gained insight on the process of writing a research article. The session provided step-by-step guidance on the drafting a paper in IEEE Template **Format** Participants became aware of significance of publication of research article in a Key conference or journal, google scholar, citation count, and others. **Outcomes:** Students and Faculties expressed keen interest in applying the knowledge in coming conference organized by the college. > A Q&A segment allowed students and faculties to clarify their doubts directly with experts. Feedback & Students and Faculties expressed keen interest in applying the knowledge in coming **Suggestions:** conference organized by the college. The session was highly informative and served as a steppingstone for first-year and second year students and faculties of the department to understand and explore the **Conclusion:** importance of publication their innovation or research work either in reputed conference or journal.
