**SITE VISIT REPORT**

<b>Name of the event:</b>	<b>Educational Visit to Ongoing Road Project Site, Paithan Road, Chh.Sambhajinagar.</b>
<b>Date of the event:</b>	21 <sup>st</sup> November 2025
<b>Organized by:</b>	Department of Civil Engineering, CSMSS Chh. Shahu College of Engineering, Kanchanwadi, Chh.Sambhajinagar.
<b>Under the Initiative:</b>	Academic Curriculum Requirement – Seminar Report on Modern Construction Practices in Highway Engineering
<b>Speaker:</b>	Mr. Sachin Nirne, Officials / Engineers from the National Highway Authority of India (NHAI), Chh. Sambhajinagar
<b>Target Audience:</b>	Students of B.Tech. Civil Engineering.
<b>Venue / Mode:</b>	Ongoing Road Project Site, At Chittegaon, Paithan Road, Chh. Sambhajinagar Offline Mode
<b>Coordinator:</b>	<b>Dr.P.D.Dabhade, Prof.S.B.Chavan</b>
<b>Objective:</b>	<ul style="list-style-type: none"><li>• To provide students with practical exposure to modern construction techniques used in highway engineering.</li><li>• To understand the use of contemporary materials, equipment, and project management strategies adopted in ongoing highway projects.</li><li>• To relate theoretical studies with actual on-site construction practices.</li></ul>
<b>Overview</b>	An educational visit was planned to the ongoing Paithan Road Highway Project, executed by the National Highway Authority of India. The visit aimed to help students observe real-time construction activities and understand the implementation of modern methods in road construction.
<b>Participation</b>	Students of B.Tech. Civil Engineering.
<b>Key Outcomes:</b>	<ul style="list-style-type: none"><li>➤ Students gained first-hand knowledge of road construction processes.</li><li>➤ Exposure to modern machinery and technologies used in highway development.</li><li>➤ Improved understanding of project planning, execution challenges, and safety practices in large-scale infrastructure projects.</li><li>➤ Enhanced academic comprehension for preparing seminar reports on Modern Construction Practices in Highway Engineering.</li></ul>
<b>Conclusion:</b>	The site visit to the Paithan Road project provided valuable practical insights to the students of CSMSS Chh. Shahu College of Engineering. Such field exposure significantly strengthens the learning experience and bridges the gap between academic concepts and real-world engineering applications. The institution expresses gratitude to NHAI for their cooperation and support.
