**CHH. SHAHU COLLEGE OF ENGINEERING,
CHH SAMBAHAJINAGAR****DEPARTMENT OF ELECTRICAL ENGINEERING**

Name of the event:	Expert Lecture on “Electrical Safety”
Date of the event:	17 th Nov2025.
Participants	Students of Third Year and Second Year (Total:100)
Name of Expert and Designation	Mr. Yogesh Shamlal Kuklare. Assistant Engineer Grade II, Government of Maharashtra, Electrical Inspector, Industry Energy Labor and Mining Department Chh Sambhajinagar.
Summary of the event:	<p>An expert lecture on “Electrical Safety” was successfully conducted by the Department of Electrical Engineering on 17/11/2025 for second and third year Electrical Engineering students. The session was delivered by Mr. Yogesh Shamlal Kuklare Assistant Engineer Grade-II, Office of the Electrical Inspector, Industry, Energy, Labour & Mining Department, Government of Maharashtra.</p> <p>The objective of the lecture was to create awareness about the importance of electrical safety in domestic, commercial, and industrial environments. The resource person highlighted critical aspects such as electrical hazards, safe operating procedures, grounding practices, use of protective devices, and statutory requirements under the Indian Electricity Rules, 1956 and the Electricity Act, 2003. Real-life case studies of electrical accidents were discussed to help students understand the consequences of unsafe practices and the need for adherence to safety protocols.</p> <p>Students gained valuable knowledge regarding inspection procedures, safety standards, and the responsibilities of certified electrical supervisors and engineers. The session enhanced the students’ understanding of safety compliance and promoted a safety-first mindset essential for future electrical professionals.</p> <p>The lecture concluded with an interactive Q&A session, where students clarified various doubts related to safety measures and field practices. Overall, the expert lecture was highly informative, impactful, and beneficial for all participants.</p>
Outcome:	<ul style="list-style-type: none">➤ Students understood various electrical hazards such as shock, arc flash, fire risks, leakage, and equipment failures commonly encountered in domestic, commercial, and industrial installations.➤ Learners gained awareness of statutory regulations, including the Indian Electricity Rules, 1956, Electricity Act, 2003, and the role of the Office of the Electrical Inspector in ensuring compliance and public safety.➤ Students learned correct safety procedures, such as safe isolation, lock-out/tag-out (LOTO), proper grounding/earthing methods, and the use of appropriate Personal Protective Equipment (PPE).➤ Students developed the ability to identify unsafe practices and propose preventive measures in electrical systems and laboratory environments.
