

Department of Electrical Engineering **Research & Development Cell (R&DC) Activity Report**

Name of the event:	Lecture on “How to write Research Paper”
Date of the event:	15 th October 2025
Organized by:	CSMSS Chh. Shahu College of Engineering
Speaker:	Dr. Mithun G. Aush Associate Professor, CSMSS CSSOE.
Target Audience:	1) Second Year, Third-year students from electrical department of CSMSS CSSOE. 2) All the faculty Members.
Venue / Platform / Mode:	Offline Mode
Coordinator:	Prof. Vishakha V. Jogdand
Objective:	The main objective of this lecture on “ How to Write a Research Paper ” is to help students understand the fundamental structure and essential components of a research paper. It aims to guide them in selecting an appropriate research topic, formulating clear objectives, and conducting an effective literature review to identify research gaps. The session also focuses on developing skills in proper citation, referencing, and avoiding plagiarism. Furthermore, it emphasizes the importance of presenting research findings in a clear, logical, and professional manner. Overall, the lecture seeks to build the confidence of students in preparing and submitting high-quality research papers to reputed journals and conferences.
Overview	The lecture on “ How to Write a Research Paper ” provides a comprehensive understanding of the steps involved in academic writing. It explains how to choose a research topic, frame objectives, and organize content effectively. Participants will learn techniques for reviewing literature, collecting data, and analyzing results. The session also highlights the importance of proper formatting, referencing, and ethical writing practices. Emphasis is given to clarity, originality, and logical presentation of ideas. By the end, learners will be equipped to write and publish a well-structured research paper confidently.
Participation	More than 150 students , faculties from various departments enthusiastically participated in the session, demonstrating high levels of interest and engagement
Fees:	No fees to attend the program.
Key Outcomes:	➤ Ability to structure and organize a research paper effectively. ➤ Improved skills in selecting topics and defining clear research objectives.

	➤ Enhanced understanding of literature review and data presentation methods. ➤ Knowledge of proper citation, referencing, and plagiarism prevention techniques. ➤ Confidence to write, edit, and submit research papers to reputed journals or conferences.
Conclusion:	In conclusion, the lecture on “How to Write a Research Paper” equips learners with essential knowledge and practical skills for academic writing. It emphasizes the importance of originality, clarity, and proper structure in research work. Participants gain insights into ethical practices, referencing styles, and effective presentation of results. The session encourages critical thinking and systematic documentation of research findings. Ultimately, it prepares students to confidently contribute quality research to academic and professional platforms. At the end, a Vote of Thanks and the Conclusion of the lecture were delivered by Prof. Vishakha V. Jogdand.
